Part III - Statement of Program Service Accomplishments/Purpose

Founded in 1915, the Boston Foundation was one of the first community foundations and today is one of the largest, with total assets of almost \$900 million. The Foundation is made up of over 900 separate funds, which have been established by hundreds of donors either for the general benefit of the community or for special purposes.

As Greater Boston's community foundation, the Boston Foundation devotes its resources to building and sustaining a vital, prosperous city and region, where justice and opportunity are extended to everyone. We fulfill this mission in three principal ways:

- Making grants to nonprofit organizations and designing special funding initiatives to address this community's critical challenges;
- Working in partnership with donors and other funders to achieve high-impact philanthropy; and
- Serving as a civic hub and center of information, where ideas are shared, levers for change are identified, and common agendas for the future are developed.

For additional information, visit the Foundation's web site at www.tbf.org.

Please see Statement #7 from Form 990 Part V for compensation paid to Officers and Directors.

Question 3a

The Boston Foundation staff review financial and program information and the tax status of all organizations to which it makes grants and requires all grantees to submit, on a periodic basis, financial reports showing the expenditures of funds granted. Individual applicants for assistance are screened to insure that they are members of an appropriate class of charitable beneficiaries.
