Facts And Circumstances Test

The United States Olympic Committee (USOC) is tax-exempt under Internal Revenue Code (IRC) Section 501(a), as an organization described in IRC Section 501(c)(3). It is recognized as a publicly supported organization under IRC Section 170(b)(1)(a)(vi). The USOC was appointed by Congress as the coordinating body for all Olympic-related athletic activity in the United States. Specifically, the USOC oversees all athletic activity in the U.S. directly relating to international competition, including for sports on the programs of the Olympic, Paralympic, Pan American and Parapan American Games. The USOC is the National Olympic Committee and National Paralympic Committee for the United States. See Part III Statement of Program Service Accomplishments for description of programs that accomplish the USOC's exempt purpose and mission. Based on its programs, the USOC continues to qualify as a publicly supported organization under IRC Section 170(b)(1)(a)(vi). Additional factors evidencing the USOC as publicly supported include the following: For the year ended December 31, 2016, the USOC received 24.63 percent of its total support from public support. This significantly exceeds the 10% minimum threshold. For the year ended December 31, 2015, the USOC received 29.00 percent of its total support from public support. The USOC actively solicits public support through its national direct mail solicitation program. The USOC is a federally chartered not-for-profit corporation. In 2016, the organization received less than 1% governmental funding. It thus relies on its ability to generate revenue for its operations through contributions from the general public, royalty revenue from the sale of Olympic broadcasting rights and marks rights. The USOC's board of directors is composed of 15 volunteer individuals and the CEO as an ex-officio, non-voting member. The volunteer board members include six members from the general public, three members selected from those nominated by the National Governing Bodies Council, three members selected from those nominated by the Athletes' Advisory Council, and any United States members of the International Olympic Committee (currently three at the end of 2016). The USOC operated three training centers for the benefit of American athletes training to become members of various United States Olympic, Paralympic, Pan American and Parapan American teams. The facilities are made available to other not-for-profit organizations on a space available basis for various meetings. The USOC is an active participant in promoting amateur sports and physical fitness in the United States. The USOC's promotion and awareness campaign of promoting sports and physical fitness is carried out through various educational programs, often in conjunction with other organizations. Based on the programs and facts noted above, the USOC does in fact continue to qualify as a publicly supported organization under IRC Section 170(b)(1)(a)(vi).

Return Reference	Explanation
Part I, Line 2	USOC grant funds awarded to National Governing Bodies (NGBs) are agreed upon and administered through a Performance Partnership Agreement (PPA). The approved projects and payment schedule are outlined and agreed upon in the PPA. NGBs receive payments from the USOC on a quarterly basis. Prior to releasing funds, NGBs are required to provide a quarterly report outlining the amount of dollars spent on each of the USOC-approved projects. At the end of the year, NGBs are required to provide a final report on each of the USOC-approved projects. The NGBs are then periodically audited by the USOC Audit Division. The Direct Athlete Support Program is also agreed upon and administered through the PPA. The payment schedule for athletes is outlined in the PPA as well and typically the payments are either monthly or quarterly. The NGB submits the athlete designation list and a signed (by the athlete) athlete support designee form before the USOC will begin the process for athlete payments. Prior to payments being made to an athlete, the USOC confirms that the athlete is compliant with anti-doping requirements. Once compliance is confirmed, the athlete will then be paid. There are no reporting requirements for athletes other than maintaining their status in their sport.

Return Reference	Explanation
Part I, Line 1a	First-class or charter travel and travel for companions. The CEO may fly business or first class at his discretion on domestic and international flights. Managing directors and above may fly business class at their discretion on flights with segments of five hours or more in duration. The USOC has determined that it is sometimes beneficial for the CEO and Board Members to have their spouses accompany them to particular events, such as the Olympic Games. In such cases that expenses are paid by the USOC, the costs associated with the spouses' travel are evaluated for business purpose. Those determined not to be necessary business expenses are reported to the CEO and Board Members as taxable wages or non-employee compensation on either Form W-2 or 1099-MISC.
Part I, Line 4a	Trevor E. Miller received separation payments totaling \$102,175. Benita F. Mosley received separation payments totaling \$136,928.
Part I, Line 7	The compensation practice of the USOC is that base pay plus at-risk bonus is the total cash compensation for all regular full-time and part-time exempt positions. At-risk bonus compensation is based upon a combination of organizational and individual goal attainment. The Compensation Committee of the USOC's board of directors determines the organizational achievement by using a performance screen that identifies and quantifies annual goals and objectives for the organization. One of those goals is meeting the board-approved annual budget. The Compensation Committee of the USOC's board of directors determines the attainment of these goals over the course of the year and, at year end, expresses them as a percentage of the goals. Once that percentage is determined, it is applied across the organization in a consistent formula to eligible exempt employees, whose eligibility is based upon an individual's overall performance and contributions for the year.
Schedule J, Part II	Walter R. Glover was the Chief Financial Officer at the USOC during January 2016, after which his employment ended. He then began employment with the USOE, a related organization as disclosed in Schedule R. Because of Walter's role as an officer of the USOC during part of 2016, the IRS requires compensation from the USOE to be reported in Schedule J, Part II and Part VII. Although the USOE is a related organization, it operates independently with a separate board and management. The USOC does not provide input into its staffing and compensation matters.

Return Reference	Explanation
Part I, Column (b)	The numbers listed in Part I, column (b), reflect the number of contributors for each item
Part I, Line 33	The USOC occasionally receives payment on pledge commitments from donors in the form of publicly traded securities. The USOC records contribution revenue from pledges when the pledge is unconditionally made. As a result, it could be the case that pledge payments via gifts of publicly traded securities are not recorded in current year contribution revenue, as some payments may already have been recognized as contribution revenue in a prior year when the related pledge was made.

The Ethics Officer and the chair of the Ethics Committee, in some cases in consultation with the entire Ethics Committee, determine in each case whether a conflict exists and so record their decision in connection with each relevant disclosure statement, also indicating any required corrective action (which may include, but is not limited to, prohibiting the person from participation in the organization's deliberations and decisions in an affected transaction).</p>

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	<p>All Employee Compensation As part of determining the CEO, officer, and key employees' compensation, the USOC uses comparability data from independent salary survey data to present compensation amounts and policies to an independent Compensation Committee and management for approval. The discussions about compensation strategies and key programs are contemporaneously documented, and decisions about compensation and benefits are made by the Compensation Committee of the board of directors in strict accordance with the bylaws of the organization. The USOC specifically performs the following steps in determining compensation of all employees (including officers and key employees) as well as the CEO's compensation package. The USOC has an established salary structure consisting of 40+ overlapping, symmetrical salary ranges for exempt and non-exempt positions. Each range includes a minimum, midpoint and maximum pay level. The salary ranges have been developed by blending our compensation philosophy, nationally and regionally available independent salary survey data and economic business conditions data. A job description and pay grade for each job title is established in collaboration of the supervisor of the position and with final approval by human resources. Final determination of the pay grade may also take into account available data regarding salaries paid for similar jobs in the marketplace as well as internal equity considerations. All full-time and part-time regular employees are eligible for annual merit increases based upon performance. The approved merit pool for all employees is approved by the Compensation Committee of the USOC board of directors based on compensation philosophy, nationally available independent salary survey data, economic business conditions data and the recommendations of management. All full-time and part-time regular exempt employees are eligible for at-risk bonus compensation based upon organizational goal attainment as determined by the Compensation Committee of the USOC board of directors and individual goal attainment. The funding budget of the at-risk bonus is also reviewed and approved by the Compensation Committee. The CEO's merit increases and at-risk compensation are determined by the Compensation Committee using processes similar to those described above for all employees. The Compensation Committee then provides a written confirmation of the process and outcome to human resources and finance for documentation and audit purposes.</p>
