Return Reference	Explanation
Part I Line 4b	The 457f service cost included in deferred compensation for Wayne LaPierre was 90,334, as actuarially calculated under ASC 715. The NRA decides the benefit amount and timeframe for vesting each participant. The 457f plan is also designed to supplement the current defined benefit plan where current benefit law causes low replacement ratios for some participants. During the year, Wilson H. Phillips Jr. vested in his 457f plan participation. Such amounts have been properly included as taxable compensation and reported in 990 Part VII and Schedule J Part II.
Part II	Columns B-III: Other reportable compensation in taxable wages includes 457b, 457f vesting amounts, auto, and life benefits.
Part II	Column C: Includes the employer-paid portions of the NRA defined benefit plan, 401k plan, and 457f plan.
Part II	This organization relied on the processes of a related organization to establish compensation of top management officials, and such processes utilized a compensation committee, independent compensation consultants, compensation surveys and studies, comparability data, and ultimate approval by the board of compensation committee.
Part II	NRA takes a full transparency posture for executive compensation by disregarding the 10,000 per item exception.
