4a (Code 611,600) (Expenses \$ 727,100 including grants of \$ 544,345) (Revenue \$)
 With funding from the Joseph B. Whitehead Foundation, Communities In Schools of Georgia implemented the CIS of Georgia Network Empowerment Initiative (NEI) from FY2013 through FY2016. The goals of the Network Empowerment Initiative were to help the 15 affiliates funded through the initiative to (1) Strengthen and expand services to students through the Communities In Schools (CIS) model including adding more school-based CIS site coordinators and Performance Learning Centers, (2) Establish and strengthen partnerships between CISGA and statewide partners that benefit local affiliates, (3) Implement strong advocacy programs at the local level, and (4) Create and implement effective sustainability plans at the local level to maintain affiliates and implementation of the CIS Model. As part of the grant, CIS of Georgia contracted with The Program Evaluation Group of the University of Georgia to conduct an independent evaluation. For goal 1 (strengthening and expanding services, the evaluators found that over the three years of the grant, the affiliates funded increased the number of schools receiving the CIS model by 47% and the number of students receiving case management services from a CIS site coordinator (CIS Model of case management) increased by 60%. CIS case managed students demonstrated small increases in grades and test scores over the grant period and a significant decline in disciplinary incidents. For goal 2 (growth in statewide partnerships), evaluators found the primary benefit CISGA provides its partners is access to schools, students and their parents, community organizations, and potential customers/clients and employees. Private companies were also interested in CISGA's capacity to support their business goals, including improving the available workforce and building goodwill in their communities. The evaluators recommended CIS of Georgia have a partnership coordinator to further expand statewide partnerships and increase communication on partnerships within the network. For goal 3 (implementation of advocacy programs), the evaluators found affiliates became more strategic with advocacy in the building and sustaining of partners and creating community champions for their CIS affiliates. Affiliates expanded representation on their boards and community teams to include representatives from a broader range of sectors within their communities (e.g., businesses, Chambers of Commerce, healthcare providers and organizations, and other nonprofits). For goal 4 (increase sustainability), evaluators found CIS affiliates became more active and strategic in fundraising as a result of NEI, including the direct involvement of board members in fundraising, hosting large-scale community fundraising events, and instituting formal resource development plans.

4b (Code 611,600) (Expenses \$ 2,209,531 including grants of \$ 772,373) (Revenue \$)
 Comprehensive Student Dropout Prevention Initiative - DOE - Communities In Schools of Georgia receives funding through the Georgia Department of Education to provide dropout prevention support to youth in grades K-12 through our network of local CIS affiliate organizations and Performance Learning Centers. During FY2016, Communities in Schools of Georgia provided training and technical support to 31 local Communities in Schools affiliate programs and CIS site coordinators at 236 school and community-based sites throughout the state for the purpose of enhancing affiliate partnerships and improving outcomes for the schools and students they serve. CIS of Georgia provided support to affiliates in development of best practice programs and provided technical support to affiliates in the areas of nonprofit management, board development, resource development, communications, and evaluation. CIS of Georgia staff recorded 607 technical assistance and training contacts. This work included 116 site visits and 185 more formal support services taking place through events, formal trainings, meetings, and webinars. During FY2016, local CIS affiliates provided services to a total of 124,031 Georgia students (unduplicated) at 236 school and community-based sites, including providing intensive sustained services to 13,018 at-risk students in need of on-going support, and whole-school prevention services and short-term intervention services to 120,044 students. Affiliates helped 20,589 parents become more involved in local schools through parent engagement activities, and provided 64,898 total hours of community volunteer support to schools and student through 5,816 community volunteers and an additional 37,440 hours of volunteer service from CIS AmeriCorps and VISTA Volunteers. During FY2016, CIS affiliates achieved the following results for the at-risk students they served: 61% of students with attendance problems improved their attendance, 71% of students with disciplinary problems improved their behavior, 97% of at-risk elementary school students were promoted, 96% of at-risk middle school students were promoted, 96% of at-risk high school students stayed in school or graduated, 1,489 CIS case managed students graduated.

4c (Code 611,600) (Expenses \$ 209,099 including grants of \$ 181,074) (Revenue \$)
 Communities In Schools AmeriCorps Tutorial Program serves as an early intervention strategy for students from 3rd to 8th grade who are performing below grade level in under-served communities in Georgia. The primary objective of the program is to implement high quality, research-based tutoring strategies that positively impact student achievement and place them on the road to success. The program identifies three main goals in an effort to fulfill all requirements under this CNCS sponsored grant. The following program goals were met: 1) Needs and services: 26 AmeriCorps members provided over 22,000 hours of tutoring and exceeded their target for tutoring 400 students, reaching 658 students at 9 CIS affiliates. Student outcomes: 84% of tutored students improved their interest in reading and/or overall academics and 95% graduated to the next grade level. 2) Member Development: 26 AmeriCorps members come together twice per year for Pre-Service Orientation and End of Year Training events. Site visits are conducted throughout the year and members are observed and provided feedback on their service experience. Members come together at the end of the program year to share reflections on their term of service with the whole corps as well as prepare for their lives after AmeriCorps service. 3) Community Strengthening: Volunteers have been engaged to provide services along with AmeriCorps members. Members have recruited 122 volunteers in service to projects such as book distributions in Dodge and Ben Hill, Food Pantry in Glascock, and various Martin Luther King Day service projects.

Schedule I, Part I, Question 2	<p>Communities In Schools of Georgia (CISGA) receives and distributes funds for federal, state, as well as private programs that support CISGA's mission, which is to surround students with a community of support, empowering them to stay in school and achieve in life. As a condition for receipt of these funds CISGA must allocate these funds according to the requirements of each specific grant, review and approve applications for these funds from eligible recipients, and ensure compliance with federal and state regulations for uses of these funds. Different teams within the organization administer these grants - developing a plan to respond to purposes of the grants, allocating of funds to recipients, reviewing and approving of local plans, and providing technical assistance in achieving the purpose of these grants -based on the areas of their program responsibility. The Finance Department and Management Team provide the fiscal oversight for these grants to ensure that organizations (subrecipients) that receive these funds comply with all requirements governing uses of funds. Communities In Schools of Georgia's fiscal monitoring is part of this system of fiscal oversight. The first tier of oversight is to collect, review and, if necessary, act on the findings of the Single Audit required of sub-recipients who are awarded \$500,000 or more of federal funds by CISGA. Fiscal monitoring is the second tier of oversight. Its purposes are - To monitor sub-recipients' programs, especially those not covered by the Single Audit, to ensure compliance - To identify and help resolve compliance problems surrounding sub-recipient's current uses of funds in order to avoid audit findings and possible penalties after the end of the fiscal year. The processes described in this procedure are designed to test whether grant funds advanced by the organization have been expended for the purpose identified in the grant award and whether those expenditures are allowable costs based on the cost principles for the type of organization receiving funds. The intent is to meet the federal monitoring requirements of OMB Circular A-133 and Agency of Administration Bulletin # 5.</p>
