BREVARD NATURE ALLIANCE, INC.

The Brevard Nature Alliance, Inc. (BNA) was formed in December 1998 to provide a strategic alliance among all Brevard stakeholders for natural resource initiatives. The BNA is chartered as a not-for-profit corporation under the laws of the state of Florida and is designated by the Internal Revenue Service as a 501 (c) (3) tax-exempt, charitable organization. BNA members are a coalition of representatives from key organizations who combine their knowledge to protect the distinct ecology and raise the awareness of citizens and visitors to the value and importance of the natural resources of Brevard County, Florida.

The BNA seeks to increase citizen's awareness of the County's natural resources and work with the community toward sensible growth management. The BNA does this by offering technical and funding support to educational projects such as the annual Space Coast Birding & Wildlife Festival, organizing community workshops to form a strategic conservation plan for the County as part of the *Brevard Tomorrow* initiative, providing environmental documentation to *myregion.org* and working with Brevard County Planning & Zoning to help create an ecological design manual for new development.

The purpose of the Brevard Nature Alliance is to serve as a catalyst for community environmental development and appreciation of natural systems. The Alliance sponsors and supports educational programs and community activities to protect and enhance the natural environment, inventory natural assets of the area and maintain a database of expertise to support nature-based activities in Brevard County.

The vision of the Brevard Nature Alliance is that through education and understanding, natural resources will become an important part of everyone's life to enrich the community. The Alliance serves as one of the primary advocates of community-based nature activities in Brevard County, dedicated to the enrichment of the community through an understanding and appreciation of natural resources, nature-based tourism and ecosystem needs.

Membership is by application and extends to individuals, organizations and corporations dedicated to sound environmental practices and the preservation of natural resources for educational, recreational and research uses.

Attendance increased from 1997 – 2000, showed a downturn for 2001 & 2002 and rebounded for 2003. Three hurricanes in 2004 affected travel commitments for many previous attendees as well as species habitat.

1999 – 2,012	340 Registrations	2000 – 3,014	570 Registrations

In November 2000, this premier event was selected by the Florida Fish and Wildlife Conservation Commission to be the site of the opening section of the Great Florida Birding Trail. The festival is currently featured in a special Birding And Wildlife section of the VISIT FLORIDA web site and listed under “Festivals” on a number of Birding and Wildlife web sites. Editorial content is also placed in several tourism/destination publications and utilized by the Space Coast Office of Tourism and VISIT FLORIDA at national and international trade show venues .

WHAT MAKES THE EVENT SPECIAL?

The commitment to create an opportunity for education; environmental and conservation experiences; space, nature and wildlife enjoyment and birding appreciation has brought many organizations together to present a safe, memorable and fun event. The Brevard Nature Alliance, Titusville Area Chamber of Commerce, Brevard Community College, Merritt Island National Wildlife Refuge, Canaveral National Seashore, Indian River Audubon Society, City of Titusville, Space Coast Office of Tourism, NASA and NASA Contractors, Kennedy Space Center Visitors Complex and VISIT FLORIDA as well as many loyal continuing sponsors and volunteers have contributed toward a concerted effort to provide a unique atmosphere for the participants at the Annual Space Coast Birding & Wildlife Festival.

The Festival is important because it generates awareness of the abundant natural resources of our area, not just during the Event, but also throughout the entire year. The connection of these natural resources to quality of life, excellence in environmental education, high technology, cultural heritage significance and business community involvement provides a focus that has placed the Festival as number one in the top three ranking of Birding and Wildlife Events (size, venue, scope of events and presenter/field trip leader industry status) in the United States as well as being recognized internationally as an event destination for premier birding opportunities and outdoor adventures.
